# *Introduction*

*In 1915, a group of citizens got together with one goal in mind: to plan and build the first Country Club in Columbia, Missouri. All were in agreement that this city needed a place – a club – which offered a wonderful golfing experience along with a variety of amenities that catered to the individuals and families alike. From this vision came the creation of Columbia Country Club; and in 1921, the Club’s original 9 holes of golf were designed by J.M. Watson.*

*In the 1940’s , Columbia CC proved its appeal and cemented itself as the premier course in Mid-Missouri by playing host to legendary PGA Professionals Ben Hogan and Sam Snead, who conducted playing exhibitions on its hallowed grounds.*

*In 1987, the back nine was designed by Larry Packard and added to the property, transforming CCC into a 6,436 yard, par 71 championship golf course that captivated both the serious and novice golfers alike. The beautiful classic layout boasted tight fairways carved through heavily wooded areas, lightning fast greens, and the Hinkson Creek meandering through the layout. Just two years after expanding, the Columbia Tribune ranked six of CCC’s eighteen holes as Top Golf Holes in the area.*

*In 2012, world-renowned golf course design firm Hurdzan/Fry was awarded the task of a **COMPLETE COURSE REDESIGN**. The philosophy was to create a visually stunning layout that rewarded great golf shots and offered playability for golfers of all skill levels. The result was a masterful golf course with an emphasis on the Hinkson Creek and its tributaries, a magnificent waterfall, and an overall agronomical marvel. Tour quality golf, championship shot making, player friendly layout, aesthetically pleasing – the ultimate golfing experience.*

# ***GOLF OUTING OVERVIEW***

*At Columbia Country Club (CCC), golf events are our specialty. We have a long history of welcoming groups and events to our club. Golf packages are available for groups of all sizes. Whether you are planning a small golf outing of up to 40 players or a full field shotgun, allow our experienced hospitality experts to assist you with every detail. Our staff works together for a top quality golf experience every time.*

*Format considerations are important when blocking space or collecting pricing information. From tee time events to modified shotguns to full field tournaments our club can accommodate most any request.*

*Tournaments are required to purchase powered golf carts along with their green fees. Equipment rental is available for men and women provided that tournament requests are received by the course within 10 days of the tournament date.*

*Practice facilities, group lessons and clinics are available for a fee or included in one of the selected golf outing packages. Scoring is included in all packages and other contests such as putting, chipping, or long drive contests may be added on with prior notice. Custom tee prizes, merchandise and certificates are also available to compliment any golf outing.*

*A **Tournament Contract** will be sent confirming all details including number of players, format, start time, date and any other details determined at that time to hold space. Once the signed Tournament Contract is returned with the full deposit the event is considered definite.*

*The **non refundable deposit**, which is applied to your total, is **required to reserve your date**. The amount of the deposit is approximately 10% of the total estimated event total.*

***Final Count Guarantee.** CCC requires that the Tournament Contact confirm the actual number of players in the tournament and actual number of meals, ten (10) days prior to the tournament date. This policy allows CCC the opportunity to sell unused tee times to the general public or another outing. If you fail to notify us of the confirmation number ten (10) days prior to the Tournament Date, the number of players identified as "Number of Players" on the face of this agreement will be deemed the final count. The Tournament Contact will be required to pay for all tee times reserved based upon the final count regardless if they are filled with outing participants or not.*

***All food and beverage must be provided by the club**, unless otherwise arranged with our Tournament Director. We offer a variety of menu selections and packages designed to accommodate any event or request.*

***Final details are due thirty (30) days prior to your event. Menu pricing can be guaranteed up to ninety (90) days prior to your event. After you provide us with the final selections and arrangements, we will present you with an Event Order confirming the specific requirements of your event. A 20% Service Charge and 7.975% sales tax will be added to all food and beverage items.***
